Project Title: **2019 Revisions and exemptions (2)**
Amendment ID: **UP-12-00528-AM012**
Funding Types:

The University of Southern California Institutional Review Board (USC IRB) designee determined that this amendment includes minor changes to your IRB approved study and does not affect the risks of participation. The amendment qualifies for expedited review under 45 CFR 46.110 (b)(2) and was **approved on 04/23/2019**.

**If there are any modifications to the study which changes the risk, scope, or funding status, you are required to submit an amendment to the IRB for review and approval.**

**The materials submitted and considered for review of this project included:**
1. National Science Foundation Proposal and Budget Jan2014v2
2. Lycee International de Los Angeles (ELC campus) permission letter, dated 03/15/2019
3. Questions, uploaded 4/13/2019
4. School Recruitment Fact Sheet, uploaded 4/13/2019
5. School Recruitment Template letter, uploaded 4/13/2019
6. USC students Recruitment, uploaded 4/13/2019
7. Facts Sheet 12-17, uploaded 4/13/2019
8. Facts sheet 18+ school students, uploaded 4/13/2019,
9. Facts sheet 7-12, uploaded 4/13/2019
10. Facts sheet Adults, uploaded 4/13/2019
11. Facts sheet USC students, uploaded 4/13/2019
12. Facts Sheet Parents (English), uploaded 4/13/2019
13. Parents facts sheets (Spanish), uploaded 4/13/2019
14. Educational program, uploaded 4/13/2019
15. Example of class based on study #1, uploaded 4/13/2019
16. Example of class based on study #2, uploaded 4/13/2019
17. Letter of support Burbank campus, uploaded 4/13/2019
18. Letter of support Los Feliz campus, dated 3/18/2019
19. Letter of support TS King school, dated 3/19/2019

**To access IRB-approved documents, click on the "Documents" tab in the main study workspace.**

The IRBA made revisions to the recruitment and consent documents. The revised documents are available in the relevant iStar sections. The Information Sheets for students ages 12-17 and 18+, and adults (teachers/staff/USC) were combined since they contained similar information.

The IRBA also made revisions to sections 24, 26, and 28 of the study application to be consistent with the study procedures.

**NOTES to PI:**
Please send the IRB the translated Information Sheet Parents (Spanish) when it is available using the "Send Message to IRB" feature.

Researchers are reminded that Responsible Conduct of Research (RCR) is mandatory for all investigators on NSF grants, as well as some NIH training awards, and PHS traineeships. The Good Clinical Practice (GCP) certificate is required for studies which are determined to meet NIH's Clinical Trail determination.

Informed consent must be obtained in the research participants' native or preferred languages. If a participant speaks Spanish and the informed consent document has been translated into Spanish, you must utilize the Spanish Informed Consent document, the Spanish Experimental Subject's Bill of Rights and the Spanish HIPAA Authorization form.

For participants who speak other languages, you must have a translator verbally translate the English informed consent document for each participant, and, if applicable, you must provide each participant with a Short Form and Experimental Subject's Bill of Rights in their preferred language (available on the IRB website in multiple languages: http://www.usc.edu/admin/provost/oprs/hsirb/forms).

Researchers are reminded that as mandated reporters, they must report all instances of suspected child abuse, per USC policies at http://policy.usc.edu/mandated-reporters/

Please note all submissions are reviewed in the order received, this includes new applications, contingency responses, amendments and continuing reviews.

Social-behavioral health-related interventions or health-outcome studies must register with **clinicaltrials.gov** or other International Community of Medical Journal Editors ( ICMJE) approved registries in order to be published in an ICJME journal. The ICMJE will not accept studies for publication unless the studies are registered prior to enrollment, despite the fact that these studies are not applicable "clinical trials" as defined by the Food and Drug Administration (FDA). For support with registration, go to www.clinicaltrials.gov or contact Jean Chan ( jeanbcha@usc.edu, 323-442-2825).
